MODEL I

NORMAL RETURN TO SCHOOL (NRS)
RETURNING TO SCHOOL

• School Operations:
  • Working schedule at each of the schools
  • Cleaning/Maintenance of schools
  • Serving of lunches
  • Transportation of students
  • Accommodations for immunocompromised students/teachers/families
SCHOOL ENVIRONMENT

• Students would need to wear masks for the duration of the day (mandatory)
• Staff would be required to wear masks
• Administration would need to enforce social distancing among students
• Administration/district would require COVID-19 testing for staff and students
• Administration/district would provide temperature checks for students
TRANSPORTATION CONSIDERATIONS

- Students would congregate at the the bus stop and the school district can not monitor social districting at the bus stop.
- The ridership for buses at the elementary schools and middle schools are at half capacity. Limited ridership at the high school because students drive.
- There is a financial costs to providing multiple busses for one route in keeping with social distancing (e.g. additional drivers, more gas consumption).
- After the completion of each route, the bus seats would need to be cleaned.
- The buses would need to be reconfigured to provide a protected shield for the driver and perhaps student seating would need some modification.
• Enrollment in each classroom would need to be modified to implement the social distancing practice
• Each student would be required to possess their own device.
• Classroom schedules would need modification for custodians to clean the chairs, desks, and tables after each classroom
FINANCIAL COST

• 15,000 (ish) masks for all faculty and students
• Additional custodians to help with the increase in cleaning before, during, and after school hours.
• Additional laptops to ensure each student had a device.
COORDINATION OF COMMUNICATION

- Elementary School:
  - Student arrival time
  - Staff arrival time
  - Student schedules
  - End of day schedule
  - Extra-curricular activities/clubs

- Middle School:
  - Student arrival time
  - Staff arrival time
  - Student schedules
  - End of day schedule
  - Extra-curricular activities

- High School
  - Student arrival time
  - Staff arrival time
  - Student schedules
  - End of day schedule
  - Extra-curricular activities
ATHLETICS

- Athletics will follow the direction of NIHAA
- May involve split practice
- Modified schedule and/or season (Schedule practices social distancing)
